

# REGISTERED VEHICLE MOBILE NUMBER UPDATION

1. Mobile number updation in Vehicle Registration Certificate (RC) can be done with Aadhaar authentication only.
2. For this, the mobile number must be linked with Aadhaar.
3. If mobile number is not linked then the vehicle owner has to link the mobile number in Aadhaar before doing the mobile updation in Parivahan portal.
4. During mobile number updation process in Parivahan portal, the name registered in Aadhaar must be same as the name available in registered vehicle details of Vahan4 database.
5. If the name in Aadhaar and name in vehicle details in Vahan are different, the vehicle owner has to physically visit the original registering authority to update the mobile number in the RC.
