47	All Odisha Bus Owner's Association							All Odisha Bus Owner's Association has objected for implementation of rationalization time as per the following points: 1. Not possible to operate the vehicles as per rationalization time due to constructions of fly over and expansion of six lane road. 2. Irrational time gap between buses in various category. 3. Deviation of ground rule in the notification published from time and change of slot without any proper notification. 4. Deviation of time gap between existing and rationalized time at Soro stoppage for few Udala via Soro based vehicles towards Bhubaneswar.	1. Running time has been increased first 10 minutes in version 10.0 and more 15 minutes in version 11.0 considering the constructions of fly over and expansion of six lane road. 2. Rationalization timing has been prepared according to existing permit time in both up from Cuttack /Bhadrak/Soro/Balasore and down trip from Baripada/Balasore/Bhadrak. The vehicles have been given near by permit time in the rationalization timing as far as practically possible. Creating dedicated slots will lead to more deviation of time between the existing permit time and rationalization time and which will affect the vehicles which are coming from beyond starting point. 3. In some cases competent authority has passed order for the deviation of ground rule for extension of route from Cuttack to Bhubaneswar as their service has already been extended up to Bhubaneswar which could not be reversed.

BALASORE, BHADRAK & BACK on the strength of PP issued by this authority valid till 15.07.2024 has requested to replace vehicle number OR01K8888 by OD01Z8088 and further requested to allot vacant slot no.164 instead of slot no. 212 in up trip.	Vehicle number OR01K8888 is replaced by OD01Z8088. Allotment of vacant slot no. 164 in respect of vehicle number OR01K8888 replaced by OD01Z8088 in up trip is not considered vide order of objection no.213 but as per change request by objection no. 213 vacant slot no. 164 is shifted to slot no. 166. Hence slot no. 166 in up trip is allotted to the petitioner's vehicle as vehicle number OD01Z8088 (Model-JAN 2018) is higher model than OD11R3339(Model-JUN 2017) and OR05AP0108 (Model SEPT 2010).

Filled objection against vehicle number OD236666 that the vehicle leaving Bedaipur after petitioner's service in down trip but OD236666 departing Bhadrak ahead of petitioner's service towards Cuttack.	The existing Bhadrak departure of vehicle OD236666 is 6.53 where as for vehicle OR01S4959 is 6.55 as per permit in down trip. The sequence of Cat-C (Bhadrak based vehicle) in down trip is maintained as per Bhadrak departure time towards Cuttack. Accordingly OD236666 is leaving Bhadrak 6.53 followed by OR01S4959 at 6.59 in the rationalization timing. Hence the petition allotment of time as per Bedaipur departure is not considered.

BETANOTI & BACK TWO R.T. DIALY on the strength of PP issued by this authority valid till 10.05.2026 has requested the following points. Modify the category of slot no. 88 (Cat-D&E) into to other category in down trip. Suggested vehicle number OD11C8395 which is plying from Betonati to Baripada should be included in rationalization timing with Category-G. Filled an objection against vehicle number OD11H1495 (Cat-A) regarding Balasore Dep. time 16.10 which is just 8 minutes ahead of petitioner's vehicle in version 11.00 and requested to allot minimum 12 minutes gap at Balasore point towards Baripada. Requested to provide minimum 12 minutes loading time between slot no. 125 and 126 in up trip.	Vacant slot no. 88 which is after petitioner's vehicle slot in down trip. Hence not considered. Regarding inclusion of vehicle OD11C8395 from Betonati to Baripada trip is not considered as it is not possible to rationalize all local vehicles travelling a small distance in the part of rationalized route. Regarding 12 minutes time gap at Balasore between petitioner's vehicle and OD11H1495 (Cat-A) towards Baripada is not considered as petition is related to version-11.0. Hence not considered. Also it is not possible to maintain 12 minutes gap between Cat-A and E vehicles as there will be more deviation between existing time and rationalized time. It is impossible to provide 12 minutes gap between slot no. 125(Cat-E) and 126(Cat-A) as there will be more deviation between existing time and rationalization timing. Also the petitioner's vehicle will depart Balasore before vehicle of slot no. 126.

DAILY on the strength of PP issued by this Authority valid till 22.12.2024 has filled following objections. i. Objected against 50 minutes loading time allotted to the vehicle OD11F6786(Slot No. 28) from previous E-Category (Slot No. 23)with Balasore dep. 9.06 whereas the petitioner vehicle is getting 12 minutes loading time. ii. Also objected the loading gap of 52 minutes to the vehicle OR11B3388 (Slot no. 140) in up trip from previous E-category slots. iii. Objected against minimum 10 minutes loading time allotted to Cat-A vehicles. iv. Also requested to allot minimum 20 minutes loading time for E-category vehicle.	i. Regarding 50 minutes loading time at Balasore to vehicle OD11F6786 is not genuine as there are three Cat-A vehicles in between slot no. 23 and 28 in up trip from Balasore to Baripada. And considering the petition one Cat-E vacant slot is created in slot no. 25 with Balasore Dep. 9.11 towards Baripada. ii. There are three two Cat-A slots (slot no. 130, 132(vacant), 136) and one Cat-E (Slot no. 131 (Version 11.0)) in between slot no. 127 and 140 in up trip. Hence the vehicle OR11B3388 is not getting 52 minutes loading time. Hence not considered. iii. As there are less Baripada-Bhubaneswar based vehicle (Category-A) in comparison to Balasore-Baripada based vehicles (Category-E), so Cat-A buses are getting more loading time. Hence not considered. iv. 20 minutes loading time is not possible to allocate Cat-E (Balasore-Baripada) vehicles as more numbers of vehicles are there and most of the buses having 2RT services. And there will be more deviation between existing time and rationalization timing.

192	Sri Sunil Kumar Dash							Sunil Kumar Dash, Gen Sec Mayurbhanj Bus Owner's Association has following suggestions: i. He requested to remove some of Cat-A and E slots. ii. Hour wise distribution of Cat-A slots. iii. Has requested to include local buses between Baripada to Baisinga in the rationalization timing. iv. Has also requested to increase running time by 5 minutes between Balasore and Baripada. v. Change of slots may not be allowed. vi. To include Cat-C or D slots between Cat-A and A or Cat A and B slots. vii. Has requested to instruct concern Officer at Balasore to allow the night coach buses of Cat-E to park for minimum 20 minutes before departure.	i. It is not possible to remove cat-A and E slots. ii. It is not possible to do hour wise distribution of cat-A slots as there are other categories in between and there will be more deviation between existing time and rationalization time. iii. It is not possible to include via buses running between Baripada to Baisinga which covers only a distance of around 40 K.M in rationalization timing. Iv. Sufficient running time has been provided between Balsore to Baripada, hence there is no need to increase the running time. v. Change of slots is ongoing process till finalization of rationalization timing or as desired by the Transport Commissioner or Chairman STA. vi. Cat- C and D slots are inserted between Cat-A and B in maximum cases. vii. Night coach buses (Cat-E) are allowed to park far before their departure time.

193	Sri Ajay Kumar Biswal							Sri Ajay Kumar Biswal, Gen Sec Balasore Bus Owner's Association has following suggestions: i. Equal loding time of Cat-A and E at Balasore and Baripada point. ii.Requested to provide more loading time for Cat-D buses at both Bhadrak and Balasore point. Equal loading time for Cat-A and B buses at Balasore point. iii. For the smooth travelling of passengers more numbers of of Cat-A and B vehicles from Baripada to Bhubaneswar and Balasore to Bhubaneswar respectively may be inducted with a gap of 4 minutes during morning hour like Cat-C vehicles from Bhadrak to Bhubaneswar. iv. Also requested to modify Seragarh and Bidu based vehicles to Cat-B instead of Cat-C.	i & ii. Equal loading time will leads to more deviation between existing permit time and rationalization timing. Byond vehicles will be deviated more from existing time. Also there are other categories in between. Hence not considered. As there are more number of trips of Cat-A,B buses on the route Balsore to Bhadrak.Hence more loading time for Cat-D buses at both Bhadrak & Balsore point is not possible. iii. It is not possible to include Cat-A and B vehicles with a gap of 4 minutes from Balasore/Baripada as more no. of Cat-C vehicles are there in down trip from Bhadrak/Akhuapada towards Cuttack/Bhubaneswar during morning hour. iv. As Seragarh and Bidu based vehicles are not touching Balasore, so they are not included under Cat-B as per ground rule. Hence not considered.
