And also objected for allotment of 10 minutes loading time in early hour whereas 15-20 minutes loading time has been provided latter on. Also requested to allot timing based on first in first out basis.	Regarding permit condition violation of vehicle number OD05AH-0485 the petitioner may file objection in Enforcement Section. Petitioner's vehicle has Bhubaneswar Dep. 4.00 Cuttack 4.45-5.00 whereas OP vehicle OD05AH-0485 has Bhubaneswar Dep. 4.00 Cuttack 4.45-5.10. So there is a gap of 10 minutes between the vehicles at Cuttack. Accordingly the adequate gap is maintained in rationalization timing between these vehicles. The rationalization timing is prepared based on existing permit departure. It cannot be prepared based on arrival of the vehicle(FIFO). Because in this type logic there will more deviation between existing permit time and rationalized time. Hence the proposal is not considered.
