Again the petitioner claims that her vehicle departs Bhubaneswar before the vehicle OD05AH-0485 , OR05AN-9275, OD09F-3625 but her vehicle departs from Karanjia after above mentioned vehicles.	Vacant slot no. 131 is allocated to the vehicle OD09B-8829 instead of slot no. 172 in down trip as OD09B-8829 (Model-MARCH 2014) is higher model than OR05AV-7799 (Model -JUL 2012) The rationalization timing is prepared based on existing permit departure. It cannot be prepared based on arrival of the vehicle (FIFO-First In First Out). Because in this type logic there will more deviation between existing permit time and rationalized time. Hence the proposal is not considered.
